

A letter from principal

Alex Salazar

Welcome to Watson Junior High school. We have come to the close of the first semester here at Watson Junior High school. I am extremely excited about this past first semester. We were successful at improving our dress code policy. We have had new faculty members come to Watson and immediately make an impact on student performance. We could not have gotten those things done without the expertise of our veteran teachers. Also, our teachers spent many hours preparing for our UIL academic competition in which we had over 85 students participate and many were recognized for their stellar academic performance.

We are also excited to let you know about the fantastic things happening here at Watson Junior High this second semester. We have many ways of helping our students achieve academic success that extend from our intensive tutorial program during school to our incentive field trips later this spring. We are also beginning a new after school program that is developing each day. We are providing more help to all of our children so they will be successful. We also have a vision to expand that to providing many different types of fun opportunities for our kids.

As everyone knows by now that Watson Junior High lives through the values of our campus expectations

Show Respect to all people at all times

Show kindness to others

Accept criticism with honor

We fully accept the challenge to stand by you as parents to teach these invaluable skills. At Watson, we feel that if we can teach these to our kids and they begin to practice them on a consistent basis, success in life will surely follow.

I encourage you to come and visit the school and I would love to take the time to get to know you as a parent and answer any questions that you may have regarding your child's education.

Alex Salazar-

Principal-
Watson Junior High
