

MISD Highly Qualified Report for
2006-07 and 2007-08

NCLB Highly Qualified has two main components, Highly Qualified Teachers and classes taught by Highly Qualified Teachers. The state requires that each LEA have 100% of its core area teachers Highly Qualified and 100% of the core classes in the district taught by Highly Qualified Teachers. Muleshoe ISD met this 100% standard for Highly Qualified Teachers and 100% Classes Taught by Highly Qualified Teachers for the school year 2006-2007 and the school year 2007-2008.

MISD has a Highly Qualified Recruitment and Retention Plan, which meets Title I Plan requirements, for the district and each campus. Our Continuous Improvement Plan for Highly Qualified is part of each Campus 100% HQ Plan and the 2007-08 District Plan for NCLB Teacher Quality (100% HQ).
